# Towards Improved Management and Closure of Mine Waste Structures

2022 Canadian Geotechnical Society Colloquium Address

## Dr Nicholas Beier

Dr. Nicholas Beier is an Associate Professor of Geoenvironmental Engineering in the Department of Civil and Environmental Engineering at the University of Alberta. His research interests include mine waste management and cold regions engineering including tailings dewatering technology development, simulation modeling, and the long-term management and closure of mine waste structures. Prior to entering academia, Dr. Beier amassed over 15 years of industrial engineering experience, including acting as a Technical Advisor for Canada's Oil Sands Innovation Alliance (COSIA).

### Venue:

Treasury Casino and Hotel Brisbane, 130 William St,  
Brisbane City QLD 4000

### Date:
