

CONSTRUCTION SUPERVISOR / MANAGER

Job description:

Geotest are seeking a Construction Supervisor / Manager with experience within the Geomembrane industry or Building and Construction industry to join and support our team.

The role is fulltime and open for immediate start to the right candidate.

While the position is based in South Australia there will be necessity to travel and work interstate. Currently projects are located throughout South Australia, Queensland and Victoria.

Qualifications and Licences:

- Proven experience in the Construction Industry is a requirement, minimum 3 years' experience
- Current manual drivers licence
- Construction Induction Safety Certificate (White Card)

Requirements:

- Proven performance in supervising / managing and meeting programmed objectives and financial targets
- The right to live and work within Australia
- Willingness to travel and work outside of South Australia on request

Geotest are looking for candidates with the ability to:

- Lead and coordinate a team
- Demonstrate strong organisational skills
- Resource and source tools and equipment
- Make operational decisions
- Understand construction methodologies and procedures
- Take ownership and responsibility for project activities
- Solve problems and respond to delays and emergencies
- Comply with legal requirements
- Confidently operate a computer and use Microsoft programs
- Prepare and review designs, technical reports, drawings and technical specifications
- Manage cost control and pricing schedules

- Meet deadlines and report work progress
- Update Work in Progress spreadsheets
- Communicate with our clients in a professional manner
- Identify and develop further business opportunities

Applications:

Geotest, established and incorporated in the state of South Australia, is currently the largest CQA and Independent Testing Company and is leading the field in Geomembrane installations.

If you feel that you are well suited to this role and would like to be a part of our strong, dynamic and highly experienced team, then we welcome your application.
