

PRESS RELEASE

CONCRETE CANVAS VS EUROBENT DECISION OF GERMAN COURT OF THE FIRST INSTANCE TO BE APPEALED.

07 OCTOBER 2019

Concrete Canvas Ltd. confirms that the decision of the Court of the First Instance in Düsseldorf, in the case of the infringement of the Tiltex™ cement mat manufactured by Eurobent Sp Z o.o. based in Swidnica (Poland) of the Concrete Canvas Technology Ltd.'s patent no (EP 2 027 319 B1) is not final and will be appealed.

Concrete Canvas wish to reiterate that they will seek to enforce their intellectual property rights where they have grounds to believe that they are being infringed by a manufacturer, distributor or otherwise.

ABOUT CONCRETE CANVAS

Concrete Canvas Ltd. was incorporated in the UK in 2005, it manufactures three award winning products, Concrete Canvas®, Concrete Canvas Shelters™ and CC Hydro™. These products were developed to exploit a unique material technology invented by Peter Brewin (MEng) and Will Crawford (MEng) whilst studying Industrial Design Engineering at Imperial College and the Royal College of Art in London.

Concrete Canvas Ltd's core material technology enables the supply of unique construction solutions that are extremely fast, easy to install and environmentally friendly. The company prides itself on innovation, quality and responsiveness to our customers' needs.

The primary markets for Concrete Canvas Ltd are in the civil infrastructure (road and rail), mining and petrochemical sectors where CC is used for erosion control applications such as channel lining, slope protection and bund lining. The company has grown rapidly since 2005 and has sold its products to over 80 countries around the world.
